

BAYUH SABBHA

YOUR WEDDING

Villa Bayuh Sabbha, meaning “ House of Breezes”, is an elegant, classical five-bedroomed villa on a sprawling private estate that boasts some of Bali’s most exceptional views. Situated on the Bukit Peninsula, fifty metres above sea level on the cliffs that overhang Bingin Beach, the property commands heart-stopping panoramas of the ocean and southern regions of Bali. The villa caters effortlessly for guests of all ages and is an immensely popular wedding and events venue.

A professional team of staff, including a villa manager and a five-star chef are friendly and efficient. Facilities include two swimming pools, a gym and a tennis court, whilst a range of specialists are on hand, including personal trainers, yoga teachers, and spa and massage therapists.

These guidelines are intended to give Event Organisers (EOs) and their clients, guidance specific to Villa Bayuh Sabbha and should be read in conjunction with Elite Havens General Guidelines for Event Management.

- Villa rates : (www.villabayuhsabbha.com)
- Curfews : 11 pm for live bands & DJ
12 midnight for all music
- Area of property : 1,5 hectares

EVENT FACILITIES

The villa's grassy lawns, picturesque balés and terraces all enjoy spectacular views of the ocean. The paved area by the swimming pool is ideal for welcome drinks or cocktails after the ceremony. There is a beautiful courtyard at the entrance of the villa that can also be used for welcome drinks.

KITCHEN AND BAR

The villa's kitchen must not be used during an event; EOs should set up a satellite kitchen near the staff quarters, allowing for access beside the media room. Plating is allowed on the lawn in front of the media room, however a tent is required to keep the area tidy.

There is no bar at the villa, therefore event organisers need to provide freestanding bars and ensure the floor is covered with mats to protect the surface.

GUEST'S BATHROOMS

There are two public bathrooms available for use during events. One is located in the dining room and a second one is available in the media room.

It is the responsibility of the EO to supervise the cleanliness of these toilets during the course of the event.

REGULATIONS AND RESTRICTIONS

The large, thatch-roofed Balinese wantilan is the ideal place to set up a freestanding bar and/or DJ booth. A dance floor may be built in the lawn beside this balé, but it must have a raised platform to minimise damage to the grass. The balé may not be used as a dance floor; the paved area surrounding the pool should be used instead.

The sunset balé is a beautiful location for ceremonies. It should not be used as a dance floor, however, after wedding cocktails could be set up here.

The dining room should not be used as a venue space and its furniture must not be moved/removed. Furniture in the living area or in the family room can be slightly moved if absolutely necessary, however these areas should not be considered as event venues either.

The villa's indoor and outdoor dining chairs should be removed during functions and are not to be used. Similarly, all furniture in the villa must not be used as part of the wedding set-up/event.

Marquees must be freestanding.

No staging is to be built into or over the pool. Floating bamboo and foam structures for candles and flowers are permitted however the EO should ensure their removal by 1am or as soon as guests enter the pool in order to avoid any damage or injury.

Fireworks and the release of Thai wishing lanterns are strictly forbidden.

EOs must return the villa to its original state at the end of the event (by 1am latest) to the satisfaction of the villa manager who will ensure no damage has occurred during the event.

No vendors are allowed to wait or stay at the villa after their specific jobs have been completed. All vendors/event organisers are expected to follow the rules while setting up the venue; if litter or damage is found and/or the rules are not followed, a penalty of USD500 - USD1000 will be imposed and deducted from the security deposit.

FLOOR LAYOUT

The Wantilan Bali is ideal to set up free standing bars and DJ booths. Dance floor can be built in the lawn beside this bale but must have a raised platform to minimize any damage to the lawns.

The paved area surrounding the swimming pool can also be used as a dance floor.

The Sunset Bale is perfect for ceremonies but it should not be used as a dance floor area. Cocktails post wedding could also be set up in this bale.

PARKING AND ACCESS

The parking area is to accommodate staying in guest's cars. No other cars or buses are allowed to park inside the property.

Guest attending the event should be dropped off by Security Post N 1 and walk into the property. For all the guests who can not walk, can be dropped off by Security Post N 2.

Vendors loading have to be done before entering Security Post N 2; there is a side road where the vehicles can enter and off load the goods.

Vehicles are permitted for one hour period for loading but should be off site at least one hour prior to the event.
