VILLA BAYUH SABBHA

The panoramic views from Villa Bayuh Sabbha, a five bedroom villa perched fifty metres above sea level on Bali's majestic Bukit Peninsula, are simply breathtaking. On a clear day you will see forever, across the endless expanse of crystal blue ocean, to Bali's

highest peak, the majestic Mt Agung, or even further to Mt Bromo on Java's east coast.

The villa, which is set amongst a sprawling three acres of lush, tropical gardens exudes Balinese charm with its use of traditional materials such as *alang alang* roofing, teak wood and limestone. The interior decoration features a wonderfully eclectic mix of art, sculpture and antiques making this a great choice for a truly unique holiday.

Bayuh Sabbha means 'House of Breezes' and every aspect of the villa, from the soaring roofs, floor to ceiling windows and wide verandahs, have been designed to create a sense of space and flow, while maximising the spectacular ocean views.

The facilities at the villa are second to none, with access to a private beach, two spectacular infinity swimming pools, a fully equipped gym, a full size floodlit outdoor tennis court, a media room and a children's playground featuring a large sandpit and swings.

The villa boasts two superb *bales*. The first, in the traditional Balinese *wantilan* style, is situated beside the main pool and features an array of cushioned sofas, a state of the art Bose surround sound system and ceiling fans – just perfect for creating the right atmosphere, be it a yoga space or massage area.

The sunset *balé*, located at the far edge of the property, faces towards the sacred point of Uluwatu and is a popular location for weddings. In fact, this villa is an absolutely ideal venue for events of any kind, whether they be intimate gatherings or festivities on a grander scale.

The villa is cleverly designed to ensure that groups of friends and families have ample space to relax and find a quiet secluded spot as well as providing the option for formal and more relaxed indoor and outdoor living and dining areas. When booked in its entirety the villa consists of a main three bedroom villa and private two bedroom guest house which is perfect for a family or two couples.

Should surfing be your thing, some of the most famous surf breaks on the island are a short drive from the villa. But if your pursuits are more gastronomic in nature, the villa is also very close to luxurious five star hotels boasting world class restaurants. There is no doubt, however, that you'll be craving to return to the sanctuary of the villa with its warm and friendly staff, ready to welcome you to the 'House of Breezes'.
